

PRACTITIONER COMMUNITY

As a practitioner at Kinected, you will be joining an independent community of established Kane School certified instructors who teach regularly in-studio. Practitioners use our beautiful Chelsea space to teach privates, duets, and even classes* with their own client base, all while benefiting from the perks of being a core part of the Kinected Community. Pay hourly for use of the space and book directly with your own clientele.

Membership is limited. Apply at <http://tinyurl.com/practitioner-community>
